

# PART SOURCE

The Southern African Parts Information Bureau

## SELLING PARTS VIA THE PRIVATE SELLER SYSTEM TERMS AND CONDITIONS

Part Source has made a facility available whereby anybody can publish available automotive parts totally free of charge.

Part Source will make all these parts available to all and everybody who will have free access to the information browsing the Part Source website as well as the PART LOCATOR.

Part Source accepts all information as being true and parts offered are in a good working condition unless otherwise specified.

Part Source will endeavour to market the parts on behalf of the Seller and the following procedure will take place when a part offered is sold.

Part Source will liaise with the Seller of the part making sure the part is still available

Part Source will sell the part at the price indicated by the Seller or as negotiated.

Part Source will obtain information on the condition of part on offer and will require a written description of the part plus any faults that may exist.

Part Source will require one or more pictures of the part.

Part Source will arrange with buyer on mode of delivery and buyer will be responsible for the cost of freight.

Part Source will arrange with Buyer for upfront payment and will keep this in trust according to the [Safe Buy Agreement](#).

Part Source will arrange for the collection and delivery of the part and will instruct Seller on how to package the part according to the courier requirements. Seller will be responsible for packaging and material costs.

Part Source will be entitled to a 5% (with a minimum of R50) as an administration fee to be deducted from money held in trust to whoever is being paid..

Please place Tick in box which will indicate you are in agreement with the above terms and conditions
